Hello,

Your messages show us how nature, school and peace are important things for you and you also tell us what you are doing to protect these things.

Countries of the world have also made some promises to protect the climate, health, education, the law etc.
You will find out more about this in the Tapori newsletter.
We also invite you to play a board game that was made with your messages and the promises made by the countries.

In this activity page we invite you to create an arrow:
"All Together for a Better World."

TAPORI is a worldwide network of children whose motto is:

"We want all children to have the same chances!"

The name Tapori was chosen by Joseph Wresinski as a sign of solidarity with the poorest children. Joseph Wresinski, founder of the International Movement ATD Fourth World, grew up in poverty. While travelling in India, he met very poor children called *Taporis* who lived in train stations and who supported each other. He later wrote to other children:

"You are like the Taporis when you look out for others.
You can find ways to make the world a better place and get rid of poverty."

Today, thousands of children between 7 and 13 years old, across many different countries and continents, are connected through the Tapori newsletter.
