

2017: NEW YEAR'S GREETING

"...because we want to make it happen."

Joseph Wresinski (1917-1988),
founder of ATD Fourth World

In 2017, the centennial year of Wresinski's birth,
by joining together to reveal the courage and intelligence
of people who have been left the furthest behind,
may we help to end poverty and create peace.

*With our warm wishes
in this holiday season
and for the coming new year.*
