

HAPPY NEW YEAR 2020!

Quote : Parti pris pour l'Enfance - 1981 Drawing : © Hélène Perrereau

"Children in poverty do not find the world mean-spirited or closed to them. They read the world with their hearts. The way they look at us forces us to make sure that no child, no family, will be left behind."

Joseph Wresinski

The children's hope compels us to take action.
In 2020, let's do all we can to respond.
Happy New Year!
