

TOGETHER IN DIGNITY

“Together in Dignity: Reflections on a World Without Poverty” is a collective blog hosted by ATD Fourth World. Contributors include both members and guests of ATD, and live in Brazil, the Democratic Republic of the Congo, India, Ireland, the Ivory Coast, Mexico, the Philippines, Poland, Senegal, the US, and the UK. Inspired by the daily struggles of people living in poverty, we work to change perspectives on the world. You are welcome to read, reflect, leave comments, and of course to share with others.

While this site is an initiative of ATD Fourth World, individual posts are personal reflections by the authors themselves. They are intended to provoke debate and conversations about poverty and human rights.
