

## TAPORI LETTER – N°429

Dear Tapori,

We hope you and your family are in good health. This letter is an invitation to participate in this year's Tapori campaign: "Let's give hope to humanity!"

We invite you to join us in taking action to preserve the earth and to achieve equal rights for all. To do this, we suggest you follow the footsteps of a traveling penguin through a game. Before you play, we'll tell you about game's history, the materials you need, and the rules of the game. Tapori is waiting for a beautiful song and is counting on you to take action on a daily basis.

Have fun !
